

Product Phase out

Notification

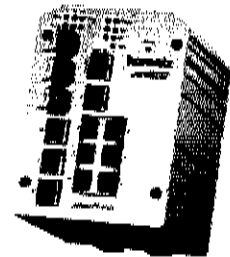

Korenix will phase out following non-superior products.

1. JetNet 4008/JetNet 4008f Industrial Web-Managed Fast Ethernet Switch
The production of JetNet 4008/4008f will be executed according to EoL (End of Life) terms, so if you have any inquiry, please contact your sales window for the last shipment is till 2009/12/30. After 2009/12/30 we accept the project based production of min. 100pcs order.

For new Industrial Switch projects, we suggest JetNet 4508/4508f or JetNet 4010/4510 with following advanced features:

Industrial 10-port Managed Fast Ethernet Switch

- 7 10/100 Base TX and 3 RJ-45/SFP combo (10/100Base-TX, 100Base-FX)
- Multi-Form Rapid Super Ring (recovery time <5ms), Dual Homing II, Multiple Ring, Any Ring and RSTP
- VLAN, GVRP, QoS, IGMP Snooping V1/V2/V3, Rate Control, Port Trunking, LACP, Online Multi-Port Mirroring
- 32Gbps Non-Blocking, 8K MAC address table
- Supports console CLI , Web, SNMP V1/V2c/V3, RMON, HTTPS, SSH and JetView
- Advanced security feature supports IP Security, Port Security, DHCP Server, IP and MAC Binding, 802.1x network access control
- Event Notification by E-mail, SNMP trap, Syslog, Digital Input and Relay Output
- Rigid Aluminum Case Complies with IP31, Curvilinear heat dispersing, Redundant power, DIN-Rail/Wall-Mounting/Desktop Installation

For detailed product specifications, please download datasheet from Korenix website shown as bellow:
